

To Rectors of Universities  
School principals  
and other educational organizations

Dear colleagues!

We are honored to invite you to participate in the new project of the Ministry of Education of the Russian Federation and the Foundation for the Support of the Humanities "My History":

### **International platform**

#### **"EDUCATIONAL DIALOGUE: OUR COMMON FUTURE"**

**The goal of the project** is to create conditions for the formation of professional pedagogical communities as a tool for the development of global international cooperation in the educational field.

**The value-semantic basis of the project** is the formation and consolidation of the image "OUR COMMON FUTURE" in professional pedagogical communities.

In our opinion, professional teaching communities will act as the basis for the formation of a common educational space. This common educational space in its turn will be a system-forming element in the international cooperation in the field of education.

#### **Thematic areas of work for international professional pedagogical communities:**

1. Modern international and national strategies and development projects in the field of education of friendly states
2. What is "good school"? Content of school education, educational technologies, current educational results
3. Modern teacher: what is it? Approaches to the organization of continuing teacher education
4. Current areas of psychological and pedagogical research
5. Effective models and practices of upbringing and formation of a system of traditional values among young people
6. Digital transformation of education and new didactic solutions in the national education systems of friendly states
7. Practices for working with gifted children
8. Practices of working with children with disabilities

9. Additional education of children as a tool for the formation of relevant competencies of schoolchildren
10. Fundamental and applied aspects of modern psychology of education
11. Teaching russian abroad: innovative projects, methodological solutions, pedagogical personnel

The implementation of the project involves regular project sessions (webinars) in the above thematic areas. The webinars will be held in October-December 2024. Representatives of universities and other educational organizations can take part in project sessions in two formats: speaking with a presentation of their own country experience in the subject area or participating in the project session as a listener. During the project sessions (webinars), international project groups will be formed in thematic areas and future-oriented topics of joint research and projects will be defined.

**Official project languages:** Russian and English.

**To participate in the project**, you must register on the project website <https://newyspu.ru/platforma-dialog/>. The registration form is posted in the "how to join the project" section of the website. The registration form must be completed in Russian or English.

The website will also contain detailed information on the progress of the project, including the schedule, topics of upcoming webinars and materials from past webinars.

We invite you to take part in the international presentation of the project, which will be held online on October 16th, 2024 at 10:00 Moscow time. A connection link:
